MEMORANDUM FOR: Finance Officer, OSA

SUBJECT : Contract No. RT-100 with LMSC, Sunnyvale,
California, Project CORONA

1. Contract No. RT-100 with LMSC covered the procurement of twelve (12) Satellite Reconnaissance Systems. The contract was issued on a Fixed Price Redeterminable basis with a ceiling price of [redacted]. This amount was obligated and was all chargeable to various fiscal year funds of the Agency except for [redacted] of DOD no-year funds obligated in FY-1959.

2. Final price redetermination negotiation under the contract has been conducted and a final price of [redacted] has been negotiated. Contractor is presently in process of signing the contract amendment and returning it with its final invoice.

3. As a result of the above, an amount of [redacted] can be liquidated from the total obligation. This amount should be credited to the DOD year funds, since they were originally made available on the basis of a "contribution" towards an overrun on this contract.

4. If the Finance Officer, OSA, concurs in the above, it is requested that funds be made available for obligation under other CORONA contracts to cover current increases in cost and this office be advised.
